

Find out about our COVID-19 response

You're invited to the first public meeting of our COVID-19 Outbreak Engagement Board, on Monday 18 January at 2.30pm, with our health, communications, housing, and environment specialists, and councillors.

This group closely monitors our Local Outbreak Plan to make sure our communications and engagement does what it needs to. From now on, these meetings will be open to the public monthly – the next dates are scheduled for 15 February and March.

Monday's meeting is being live streamed. To join, visit our Royal Borough of Windsor & Maidenhead YouTube channel at 2.30pm where the meeting will appear once started: [The Royal Borough Of Windsor & Maidenhead - YouTube](#). These meetings are also being recorded so if you miss them, you can watch them at your leisure.

COVID-19 volunteers sought

Our colleagues at Frimley Health and Care are looking for volunteers to help with their COVID-19 vaccination programme.

If you'd like to help, email: volunteer@rbwm.gov.uk

COVID-19 vaccine update

Please see the attached document from our health partners containing lots of information about the vaccine rollout locally which you may want to share.

If it's easier for you to simply share our latest social media posts about COVID-19, you can find them on our platforms and choose which ones you want:

- Twitter - @RBWM
- Facebook - RBWM

If you do share any of our messaging, it would be really helpful if you [fill in our form](#) so we can track how far this information travels.

If you know anyone who'd like to become one of our Community Information Champions, please ask them to email their details to: volunteer@rbwm.gov.uk.

As part of this project, there's funded training for community groups and organisations to help them respond to this pandemic. If this is something you'd like to be involved with, please email: roger.cannon@slough.gov.uk and mention the Royal Borough Community Information Champions scheme.

Best wishes,

The Community Information Champions Scheme
